

# YOUR MODERN MARKETING TOOL

## VOCOTEXT

### Wi-Fi MARKETING DEVICE

Free WiFi access is fast becoming important and common asset in every business. This is especially important for those outlets from the service industry to food and beverage industry where customers may need some waiting time to get their products or services done.

By recognizing the opportunity, our Vocotext WiFi Marketing devices developed in the purpose of bringing benefits for customer and also the outlet itself. Vocotext WiFi marketing device allows customers to enjoy free WiFi access in outlets, and simultaneously, owner of the outlet can collect the contact information of their customers who have accessed to their WiFi. Outlets are able to keep contact with their customers easily by sending SMS and attract them return to doorstep again in future.
